OVERDUE ACCOUNTS

All fees are payable within 14 days of the issue of Fee Instalments. Alternatively, under a payment arrangement for recurrent periodic payment by debit and credit card, fees must be paid in full by the end of November 2026.

The College current operations and future sustainability are highly dependent on the collection of private income through fee collection. In the spirit of justice and respect it is the responsibility of every Parent to ensure fees are paid fully and promptly. When this is not possible the most essential strategy is communication with the College. Without communication it is not possible to resolve the issues. The College encourages parents experiencing difficulties in paying fees to contact the College at the earliest opportunity to explain the circumstances and make arrangements to rectify the account.

The College has mandated a Policy of Debt Management to oversee the processes that will be used to recover fees. Many points of that policy are included in the fee schedule, which ensures you are fully informed of your responsibilities.

Late Payment Fee

Any accounts that are not paid in full by the due date will incur a late fee of \$90 per instalment (maximum of \$360 per annum) as follows:

- An account is not paid by the instalment due date and there has been no payment arrangement established; OR
- There have been defaults on the payment arrangement and this has not been rectified including payment for any bank fees incurred; AND/OR
- There is no communication from the Parents to the College regarding the non-payment of school fees.

Debt Collection

Where payment terms are not met and the account has fallen into arrears, the College will follow up overdue accounts as per the College's Debt Management Policy. If the account remains outstanding and there is no payment arrangement in place, then this will constitute a default on payment arrangements and the total amount owing will become immediately due and payable.

The College Principal reserves the right to call or arrange a meeting with the Parents to discuss measures including steps which result in external debt agency proceedings and/or the requirement on the Parents to make alternative schooling arrangements.

Parents with outstanding fee balances at the end of the calendar year will not be allowed to re-enrol/ return until all outstanding balances are paid or an agreed formal payment plan is approved by the College Principal. Any decision to terminate an enrolment of a student whose fees are in arrears, is at the discretion of the College Principal in accordance with the College Terms and Conditions.
